ASSIGNMENT 01 | CAMERA AND SEEING

Elements of Design

Seven photos, one for each element of design, all shot by you on campus.

PHOTOGRAPHY & VIDEO I
9th grade, Semester 2
Mr. Nizzani

DUE
Week 3, Tuesday
9:00 pm on Schoology

7
photos, one per element

7
different subjects

JPG
straight from your camera

The goal Every photo shows its element so clearly that I could name it without reading the file name.

STEP BY STEP

01 Know the seven

- Line, shape, form, space, texture, color, value.
- Read each definition before you go out.

02 Hunt on campus

- Stairs, walls, railings, plants, shadows, the sky.
- Walk closer, crouch, look up.

03 One element per photo

- Get close until it is the only thing we see.
- Half press, wait for the beep, then shoot.

04 Name it, upload it

- Copy to your Photography folder. Name each file by its element.
- Upload all seven JPGs together.

Watch out

- **A photo with four elements in it.** Pick one and get closer.
- **Blurry photos.** Elbows in, hold still, let the camera focus first.
- **Files still called IMG_4821.** Name every file with its element.

Turn it in Upload the seven JPGs, each named with its element, to Assignment 01.

Check before you submit

- [ ] All seven elements
- [ ] Seven different subjects
- [ ] Each file named by element
- [ ] Sharp and well exposed
- [ ] Shot by you, on campus
- [ ] All seven uploaded
