Pesach
is your shooting time

The soul of a person is the lamp of HaShem.
Mishlei 20:27

נֵר ה' נִשְׁמַת אָדָם

The goal A soul that keeps shining through darkness. The idea is yours.

STEP BY STEP

01 Think before you shoot

- What does the pasuk say to you?
- Write one idea in a sentence first.

02 Plan your light

- Long exposure, shadow, contrast, empty space.
- Pick the one tool that carries your idea.

03 Shoot it

- Many frames. Tripod below 1/60 s.
- Expose for the light. Let the dark stay dark.

04 Edit, write, submit

- A quiet edit in Lightroom. Keep the darkness deep.
- One JPG plus a 3 to 5 sentence statement.

Watch out

- **The first idea everyone has.** Go past it. Ask what light means in a person.
- **Muddy blacks.** Lower the exposure so the light stands out.
- **Borrowed or recreated Holocaust imagery.** Not part of this project.

Turn it in Upload one full-size JPG and your statement to Assignment 04.
