ASSIGNMENT 02 | CREATIVE PROCESS AND THE EGG

6 Ways to Shoot an Egg

Six completely different photos of one simple object, built all semester.

PHOTOGRAPHY & VIDEO
10th grade, Semester 1
Mr. Nizzani

DUE
Week 16, Tuesday
9:00 pm on Schoology

6
finished photos, all different

JPG
edited in Lightroom

2
check-ins on the way

The one rule
Every photo completely different. A new angle in the same light is not a new photo.

STEP BY STEP

01 Keep shooting all semester

- About 2 by check-in 1 (Week 5).
- About 4 by check-in 2 (Week 11).

02 Change the light every time

- Hard, soft, side, back, window, lamp.
- Change the light first, then the angle.

03 Edit, keep it organized

- Every photo finished in Lightroom, exported as JPG.
- An "Egg" folder, finals in "Finals".

04 Log, order, submit

- Two sentences per photo: the light, your idea.
- Number the files 01 to 06.

Watch out

- **All six in the last week.** They look like one afternoon. Start early.
- **RAW files or unedited frames.** Only finished JPGs are graded.
- **Five is not six.** Count the files before you submit.

Turn it in Upload the six JPGs, numbered 01 to 06 in your order, and your log to Assignment 02.

Check before you submit

- [ ] 6 finished JPGs, all different
- [ ] Clean background in each
- [ ] Light changes every photo
- [ ] Files numbered 01 to 06
- [ ] Log for every photo
- [ ] Shown at both check-ins
