DUE
Week 11, Monday
9:00 pm on Schoology

8 to 10 s
stop motion opens it

60 to 90 s
of cooking after it

10 to 15 s
per clip

HORIZONTAL ONLY Every clip. One vertical clip will not fit the edit.

STEP BY STEP

01 Shot list, clean kitchen

- One line per step: what happens, wide or close.
- Clear out everything you are not using.

02 Lock the camera

- Phone sideways on the tripod. No handheld.
- Tap and hold for AE/AF Lock on the food.

03 Film every step twice

- Once wide, once close. Short clips.
- Show the food change. End on the finished dish.

04 Name the steps, edit, export

- Titles, a voice-over, or both. Music low.
- Cook any day. Edit in class Week 10 Tue and Wed.

Watch out

- **Talking while you film.** Record the voice-over later, in a quiet room.
- **Too long.** Trim to the moment that matters: 60 to 90 s.
- **No final shot.** The finished dish, close and well lit.

Turn it in Export at 1080p, name it LastName-FirstName-06 and upload it to Assignment 06.
